# Manulife American Growth Equity Feeder Fund

The Fund is an equity UITF structured as a feeder fund that aims to maximize return by investing its assets in an equity collective investment scheme (CIS), the Target Fund. The Target Fund aims to achieve capital growth by investing at least 70% of its net assets in securities of a carefully selected list of large capitalization North American companies, with main emphasis on the U.S. It may also invest its remaining assets in smaller and medium-sized listed companies. Such equity and equity-related securities include common stocks, preferred stocks and depositary receipts.

## Why this Fund?

### Access to the US market

Access the world's largest equity market that hosts some of the biggest companies with the most dominant global presence and brand value.

### Distinct portfolio of companies with sustainable competitive advantages

Navigate market cycles with a distinct portfolio of companies with sustainable competitive advantages and trade at a discount to their intrinsic value.

### Growth and value opportunities from a time and market-tested research framework

Benefit from a research framework that seeks to uncover growth and value opportunities in different economic and market conditions.
